

Our Community is Prepared for Disaster!

With...

An early warning system

An evacuation route

A safe evacuation site

A Community Disaster Management Group (CDMG) and working with others that manage disasters

Learning about disaster preparedness and management

Training and doing emergency response simulations

Keeping emergency bags ready with important items like a flashlight, rice, drinking water, our valuable documents, etc.

Disaster risk reduction activities, like: planting trees in landslide and tsunami prone areas, keeping waterways clean, managing wastes, emergency first aid training, emergency response toolkits, etc.)

This poster was developed as part of PACKET LEARNING MATERIALS ON ENVIRONMENT 4 (Planet 4) "Natural Disaster Preparedness", in cooperation with UNESCO Asia and Pacific Regional Bureau for Education. PLANET 4 "Disaster Preparedness" in English @ Asia/Pacific Cultural Centre for UNESCO 2005.

First illustration by LAT (Malaysia), coloring by LENSEA FILM SDN. BHD. (Malaysia). The poster was adapted into Indonesia and produced by IDEP Foundation www.idepfoundation.org
