20 YEARS
of Manifesting Community Resilience
A Summary Report

IDEP Foundation
Helping people to help themselves
Note from Board of Governor

IDEP is established 20 years ago by its founders to respond the global crisis, which affected lives of people elsewhere as in Indonesia and Bali specifically at the cores. Soon after, IDEP supported by personal and institutional philanthropists works in emergency response and CBDM, permaculture-based sustainable livelihood, public campaign & education through creative media, and training and consultancy. Reaching more than 16 provinces, IDEP refers its work to global, national, and local frameworks such as MDG/SDG and HFA/SFDRR. Nowadays, IDEP is as others affected by the pandemic and together with other’s lives for survival, hopes for better peace and harmoniously tomorrow. IDEP celebrates its anniversary with a global crisis.

— H. Iskandar Leman

Note from Executive Director

In these last 20 years, the development of IDEP is very dynamic. However, the trend shows a positive sign, especially on making IDEP an independent organisation. For so many people who have helped IDEP during the journey, I represent IDEP family to express our gratitude to the founders, staff, community, donors, partners, and supporters. We strive to give back all your kindness by producing a more positive impact through manifesting community resilience.

— Muchammad Awal

Framework

Since founded in 1999, our main objective is to make community resilience happen through the four-evolved-and-integrated framework:

1. **Permaculture-based sustainable livelihood**
2. **Community-based disaster management**
3. **Public campaign & education through creative media**
4. **Capacity building through training and consultancy**

20 Years of Manifesting Community Resilience: A Summary Report
For 20 years, through programs, training, and consultancy, we strive to reach as many people as possible throughout Indonesia, especially those living in remote areas with minimal access to development. Not only Indonesia, but we have also expanded our outreach to the community abroad, such as Timor Leste, Philippines, and Pakistan.

Work Area

ACEH
Disaster risk reduction through training and public education

NORTH SUMATERA
Disaster risk reduction through the provision of earthquake-safe house, public education, and sustainable livelihood

WEST SUMATERA
Disaster risk reduction through training, public education, conservation, and provision of sustainable livelihood

SOUTH SUMATERA
Disaster risk reduction through conservation and public education

LAMPUNG
Disaster risk reduction through conservation and public education

BANTEN
Emergency response, recovery, and disaster risk reduction through conservation

WEST JAVA
Conservation and sustainable livelihood through permaculture approach

CENTRAL JAWA & YOGYAKARTA
Emergency response and disaster risk reduction through research, drafting of Community Resilience guidebook, and conservation

EAST JAVA
Disaster risk reduction through conservation and public education

WEST-CENTRAL BORNEO
Provision of sustainable livelihood through permaculture approach

BALI
Provision of sustainable livelihood and disaster risk reduction through conservation, training, and public education

EAST-WEST NUSA TENGGARA
Provision of sustainable livelihood through permaculture, sanitation, emergency response, recovery, and disaster risk reduction through conservation

NORTH SULAWESI
Conservation through the provision of sustainable livelihood

SOUTH SULAWESI
Conservation and the provision of sustainable livelihood

CENTRAL SULAWESI
Emergency response, provision of earthquake-safe house and sustainable livelihood

NORTH MALUKU
Conservation through the provision of sustainable livelihood

WEST MALUKU
Conservation and the provision of sustainable livelihood

PAKISTAN
Training of permaculture garden development

PHILIPPINES
Consultancy project of sustainable livelihood development

TIMOR LESTE
Training of sustainable livelihood through permaculture approach

Contributions to SDGs

We see that our organisational goal is synergic with Sustainable Development Goals (SDGs) aimed to be achieved by 2030. In that sense, we have contributed to 14 out of SDGs through our entire work for 20 years. To make sure that “no-one left behind,” we commit to contributing, both domestically and abroad.

1. NO POVERTY
2. ZERO HUNGER
3. GOOD HEALTH AND WELL-BEING
4. QUALITY EDUCATION
5. GENDER EQUALITY
6. CLEAN WATER AND SANITATION
7. AFFORDABLE AND CLEAN ENERGY
8. DECENT WORK AND ECONOMIC GROWTH
9. INDUSTRY, INNOVATION AND INFRASTRUCTURE
10. REDUCED INEQUALITIES
11. SUSTAINABLE CITIES AND COMMUNITIES
12. RESPONSIBLE CONSUMPTION AND PRODUCTION
13. CLIMATE ACTION
14. LIFE ON LAND
15. 20 Years of Manifesting Community Resilience: A Summary Report
20 Years in Numbers and Figures

- **Programs Value**
  - 2001: 15,000,000,000 IDR
  - 2002: 10,000,000,000 IDR
  - 2003: 5,000,000,000 IDR
  - 2004: 1,000,000,000 IDR

- **Proportion of Fund Management**
  - **Program Cost**: IDR 116,739,375,756
  - **Operational Cost**: IDR 9,339,150,060

- **20 Years in Numbers and Figures**
  - 25,014 people received direct benefits from programs
  - 78 locations reached out by programs, mostly remote villages
  - 468 trainings delivered
  - 80 consultancies project delivered
  - 10,300 students participated in public education activities
  - 14,175 educational media downloaded online
  - 65,243 followers in 6 social media platforms
  - 5 awards received, both international and national

- **Testimonies**
  - **Carolina Yaku Danga**
    (Watumbaka village, East Sumba, East Nusa Tenggara)
    “Now it’s different after the training and getting knowledge from IDEP. After we make sure the supply for our daily needs, we sell the other part of crops to the market. On average, we can now save IDR 150,000/month and generate income up to IDR 500,000/month.”

  - **Sariem**
    (Dona Oge village, Sigi, Central Sulawesi)
    “With my eyes, I saw the walls fell one by one to the ground, and nothing can be saved but our lives. But now, I feel like I’m home again after receiving a transitional house. Besides the house, I also received training and equipment support to manage permaculture-based home-garden in my yard.”
## 2019 Program Review

During 2019, we have carried out 14 community development programs across five provinces, namely Bali, Banten, Central Sulawesi, North Sulawesi, and North Maluku. The beneficiaries vary from families, school communities, village communities, to residents at the provincial level. The programs were carried out in collaboration with multi-stakeholders, including donors, partners (government and business), volunteers, and supporters.

### Program 1: Building sustainable local chains for fruits and vegetables
- **Location:** Bukit Catu hamlet, Candi Kuning village, Tabanan, Bali
- **Donor:** Agrisud

### Program 2: Capacity Building for Communities Through Permaculture-Based Sustainable Agriculture
- **Location:** Nusa Penida, Bali
- **Donor:** Global Environmental Facility (GEF)

### Program 3: Agroforestry Project - Forest Protection in Community Level
- **Location:** Yeh Embang Kauh village, Jembrana, Bali
- **Donor:** Hand in Hand (HIH)

### Program 4: TUNAS (Friends for The Universe) - Environmental Education in Elementary Schools
- **Location:** Bali province
- **Donor:** Boeing

### Program 5: Bali Water Protection
- **Location:** Bali province
- **Donor:** Multi-donors

### Program 6: Enhancement of Welfare and Women’s Empowerment through Disaster Risk Reduction Activities
- **Location:** Amir and Saloya village in Central Sulawesi
- **Donor:** Caritas Austria

### Program 7: Emergency Response - Provision of Basic Needs for Family Affected by Earthquake and Tsunami
- **Location:** Pandeglang, Banten province
- **Donor:** Multi-donors support

### Trainings:

There are 4 trainings delivered outside program implementation, including:

1. Permaculture Design Course  
   - **Client:** PT Paiton Energy
2. Financial Management for Non-Governmental Organization  
   - **Clients:** Yayasan Gugah Nurani, Rikolto, World Neighbour
3. Liquid Fertiliser  
   - **Client:** Yayasan Emas Hitam
4. Organic Farming  
   - **Client:** WWF Manggarai

### Consultancy projects:

There are 6 consultancy projects delivered two times for each clients, including:

1. Permaculture garden management  
   - **Client:** Daun Lebar Villa
2. Permaculture garden management  
   - **Client:** Dyatmika School
3. Field Assessment for sustainable livelihood project  
   - **Client:** Philip Morris Products S.A.
On 15 May 2019, we celebrated our 20th Anniversary. In such a journey, there were many ups and downs, joys and sorrows, tears and laughter, and the desire to keep learning to be better from day to day. Thank you to all who have given all the best in the journey: the founders, staff, communities, donors, partners, supporters, and supporting parties we are grateful for your endless presence for IDEP. There is nothing to be given, but the prayer as the most sincere form of gratitude.

Thank you Donors, Partners, and Supporters

Our Team in 2019

We also want to thank CV. IDEP Media Unit for their support from 2011 - 2020:

Thank you Donors, Partners, and Supporters
